## **Maksim Kravchenko**

Junior Front-end developer

SUMMARY

новву

I enjoy cooking delicious food, boxing.

I have completed a Front-end developer course and have all the necessary skills to start working on projects, responsive layout, and creating interactive interfaces. I worked at JBW Soft for 10 months and developed and modified the interfaces of single-page websites.

I am ready to learn and improve my skills, open to new interesting tasks and projects. I appreciate working in a friendly team and would like to be a part of it. **SKILLS**
